Medical School:	Christian Medical College, Vellore, India
Medical Training:	Mt. Zion / UCSF; Brooklyn, NY
Board Certification:	Yes

About Me: I joined Gardner because it served my purpose of why I became a doctor, to serve the needy. I have been here for almost 20 years and have gained a lot professionally and emotionally. I have taken a special interest in the CHDP program and initiated a volunteer in-service to all the staff. I worked my way up and became the chief consultant for GFHN. I also worked closely with the local CHDP program. I feel honored and humbled with the respect and love I have received from my colleagues and acquaintances.

On a personal note, I am a trained classical Indian dancer and performed on several occasions. I also enjoy singing. I love to read, cook, travel, and movies. I am married to my wonderful husband for 29 years and have 2 daughters.
